Cities to visit	Changde, Hunan Shaoshan, Hunan Jinan, Shandong	Local Temperature	Hunan: 26℃—35℃ Shandong: 22℃—35℃
Notes			
Contact of the	Contact Person(s)	Ms.Lin Xiaojie, Mr.Liu Rong	

About the  
Organizer

Hunan Agricultural Group Co.,Ltd., founded in 1998, is an authorized state-owned assets management group company, exercising the rights of the investor of state-owned assets on behalf of Hunan provincial government, affiliated to State-owned Assets Supervision and Administration Commission of the State Council of Hunan province. The group owns, registered capital of 80 million yuan, total assets of 542.3 million yuan, net assets of 208.4 million yuan, staff members of 519 including 65 senior staff and 138 intermediate technical personnel. It is a modern agricultural investment holding group that is involved in research and development, operation and service, consulting and training. It is mainly engaged in such areas as research and development of veterinary biologics, hotel and travel services, consulting and designing of agricultural projects, equipment operation, new rural construction and real estate development, foreign aid agricultural programs, and modern agricultural technology training. The company has such affiliates as Hunan Haiyi Agricultural Technology Development Co. Ltd., Hunan Ya Tai Biological Development Co. Ltd., Hunan Ya Hua Hotel Co. Ltd., Hunan Zhong'an Bio-Pharmaceutical Co. Ltd., Hunan Quality Agricultural Products Development Service Center, Hunan Agricultural Materials Corporation, Hunan Agricultural Engineering Institute (Agricultural Engineering Consulting Center), Hunan Agriculture Industry Development Center, Jia kaicheng Holding Co. Ltd., Division of Overseas Business and International Exchange Center, which are state-owned, holding or joint stock companies or units.

Hunan Agricultural Group Co.,Ltd. has always actively participated in the work of China aid programs. Cooperated with the Department of Agriculture of Hunan province, the company has implemented 31 China aid agricultural projects for 37 countries from Africa, Asia, and Latin America, dispatched 667 technicians, and provided 11,400 tons of materials and equipment for recipient countries. With the great support and guidance of Ministry of Commerce of PRC and Department of Commerce of Hunan province, since 2015, our company has undertaken the first phase vegetable greenhouse technical operation project to aid Georgia, lasting for 2.5 years, which is highly praised by all sides. Since 2008, Hunan Agricultural Group Co.,Ltd. has successfully organized 70 China-aid training programs, involving 2,587 participants from 85 countries, which is highly acclaimed and achieves good social effect as well. Thanks to the successful organization of the training programs, appreciation letters from participants and their dispatching organizations such as the African Union Commission, the Republic of the Gambia, Ghana, Tajikistan have been sent to the Chinese embassies in the above countries.

Training Course Content	<p>Entrusted by the Ministry of Commerce of the People's Republic of China, Training Course on Grain and Oil Crops and Irrigation System Comprehensive Utilization Technology for Developing Countries, 2019 will be held in Changsha during August 9<sup>th</sup> - September 27<sup>th</sup>, 2019 by Hunan Agricultural Group Co.,Ltd.. Experts from Hunan Agricultural Group Co.,Ltd., Hunan Agricultural University, Hunan Academy of Forestry Sciences and Hunan Academy of Agricultural Sciences will deliver lectures to participants.</p> <p>This training course covers teaching, practice, seminar and visit, through which the trainees will learn the conventional breeding method and cultivation technique of oil crops and rice with high yield and good quality, including oilseed rape, cotton, soybean and peanut. Conventional processing technology of rapeseed oil, soybean oil, peanut oil, cottonseed oil, rice bran oil, etc; it will make trainees know further about hybridization of grain and oil crops. At the same time, the course will make participants grasp technology of refining and deep processing of oil; quality inspection and control of special type oil, such as tea oil, rice bran oil, etc., know mechanical equipment of processing oil as well as production and technology management of oil processing enterprises; Meanwhile, we'll introduce the application of biological technology, particularly transgenic technology in propagation of grain and oil crops and some new hi-tech in oil processing as well as manufacture of biological fuel. Besides, irrigation management systems including project management, water management, production management and organization management as well as grain and oil crops related equipment and water-saving irrigation technology will be introduced; some visits about irrigation system demonstration center will also be arranged.</p> <p>Meanwhile, we will arrange visits to grain and oil crops demonstration cultivation bases, grain and oil products processing enterprises, and relevant scientific research, education and promotion organs of modern agricultural technology. Communication and discussion meetings with some famed national level agricultural products processing leading enterprises will also be held, seeking opportunities to promote economic and trading cooperation between both sides.</p> <p>In the training course, participants will have a full experience of traditional Chinese culture and art, and have a taste of the hospitality of Chinese people, while learning the advanced technology in agriculture sector, to further enhance the friendship and relationship between China and developing countries. By visiting the communities and rural areas, participants will witness the great changes of Chinese people in their food, clothing, housing, transportation and other aspects, and have a better understanding of the achievements made in the 40 years after the China's reform and opening up in</p>
